Payment Options for Classes

1. There are various class schedules. Some classes meet once per week on Saturdays. Other classes meet twice per week, for example on Mondays & Wednesdays or Tuesdays & Thursdays. Other classes meet more frequently. Those classes which meet five days per week, Monday thru Friday, take 10 weeks to finish the textbook.
2. Most students pay for their classes month by month. A month is exactly four weeks long. Other payment plans are possible.
3. When examining the table below, please note that it is possible to take multiple classes. A student can combine a class which meets once per week on Saturdays with a 90-minute class which meets on Tuesday & Thursdays evenings. In this case, the student would pay \$330 every four weeks (\$110 + \$220). Likewise, it is possible to take two classes which meet for five days per week. The student would be at the school three hours a day, five days per week, and pay \$960 every four weeks.

# of Classes/week	Class Length in hours	Hours per week	Length of class in weeks	Payment every four weeks
1	1.5	1.5	50	\$110
2	1.5	3	25	\$220
2	2	4	19	\$270
3	1.5	4.5	16	\$288
4	1.5	6	12.5	\$384
5	1.5	7.5	10	\$480

The registration fee of \$35 is a one-time payment, which includes proficiency testing.

Texas sales tax is 8.25%; this is charged only on materials, not classes. The textbook packages mentioned below include tax.

The textbook and registration fees are paid when registering for classes along with the initial payment. The textbook cost is \$85 plus tax per class.

Most students who take classes throughout the year, choose to pay month-by-month. They can stop at the end of any invoice. For those classes whose length is not an even multiple of four weeks, a pro-rated invoice of one, two, or three weeks will be issued for the final payment.
